Superintendents, BOCES Directors and Building Administrators -

The Colorado Association for Gifted and Talented (CAGT) would like to extend an invitation for you to join us at the 2010 Leadership Breakfast. This leadership event is co-sponsored with the Colorado Department of Education/Gifted Education Unit and will be hosted during the CAGT Conference - Developing Student Potential: Responsive Instruction and Guidance.

The presentations during this morning session are an outreach to Colorado administrators who facilitate the learning and growth of all students. The CAGT wishes to recognize and support administrators in their work by providing a session that will address research-based practices in gifted education and administrative questions. Dr. Jann Leppien and Dr. Dina Brulles, the featured speakers, have conducted gifted education research extensively during their careers. Their topics will focus on curriculum and instruction in typical and underrepresented populations.

The event will also be a significant opportunity to connect with your gifted education director or coordinator and discuss the session's topics. Table groups will address specific questions with the speakers, as well as share their opinions regarding implementation in local districts.

The cost of this special session is \$15.00 which generously includes your morning session, breakfast and parking.

Leaders attending the breakfast may remain for the afternoon conference sessions as guests of CAGT. Lunch is not included in the afternoon. Administrators and directors may also choose to register for the two-day conference at: <http://www.coloradogifted.org>.

Please register for the Leadership Breakfast by e-mailing contact information for each attendee (name and title, district or BOCES, school, email, address and phone number) to cagt@aol.com. Please put RSVP Leadership Breakfast as the subject line.

Send payment to CAGT, P.O. Box 473414, Aurora, CO 80047-3414 or pay directly on the website: at <http://www.coloradogifted.org/>.
